

URBNK

STARLIGHT DEVELOPMENTS REVOLUTIONIZES THE MIXED-USE CONCEPT WITH URBN K IN THE HEART OF KATAMEYA

Starlight Developments' latest addition to its portfolio, a mixed-use property extension to the Katameya Creeks consisting of six large pavilions, each within the range of 1,500 sqm that masterfully integrate retail, dining, office, and luxury hotel managed residences and a club house hosting a boutique a hotel managed by a leading hospitality companies.

Centrally located at the intersection of Gamal Abdel Nasser street and Road 24, URBN K is only a few minutes' walk from the GUC and a short drive away from the AUC.

“We are excited to introduce this new concept; URBN K fully embodies the development of workspaces that inspire optimal solutions and achievements. Whether for established corporations or start-ups, we will provide an environment that adds joy to the business”
said Eng. Sherif Aboutaleb, CEO of Starlight Developments.

Functionality was a focal point when designing URBN K, achieved by incorporating tasteful architectural that resonate with the diversity & versatility of today's urban dwellers. With a seamless blend of Neoclassical influence, accentuated with a contemporary & modern flair; a concept that is essential to the user's experience.

URBN K office facilities will accommodate flexible and responsive state-of-the-art workspaces, tailored to the unique needs of established and growing companies. From space to services, URBN K provides companies with the freedom and flexibility to grow and adapt to today's ever-evolving workspace demands while preserving the highest levels of privacy and seamless accessibility.
